## SEN. RUSSELL'S DREAM CITY, NEW JERUSALEM, SLEEPS

HOUSE SPURNS MEASURE—VOTED DOWN 48 TO 46.

### BUT, RUSSELL SECURES PASSAGE OF ANOTHER IMPORTANT BILL

All School Districts to Secure Pro Rata Part of Railroad Taxes.

Guthrie, Ok., March 11.—The New Jerusalem act for location of the State Capitol on a site to be selected by the people, and which, before going into effect, was to have been ratified by the people at the polls, was defeated in the house of representatives today, and after a motion was made to reconsider the vote the defeat was clinched by laying that motion on the table. The roll call revealed the vote on final passage to be 48 to 46 with 14 absentees. Mr. Durham, an advocate changed his vote to the winning side, so he would be in position to lodge a motion of reconsideration. Mr. Dunn of Oklahoma City, which town is an aspirant for state capitol honors, scored with the presiding officer first and put through the motion referred to and which terminates legislation the subject during the present special session. This done, Mr. Durham again changed his vote, to make his record straight.

The bill had passed the senate, and a joint resolution was coming which would have carried the proposition before the people at the next general election. Aligned against the measure was the solid republican minority with the exception of Mr. Dixon, Mr. Jacobs and Mr. Milsap, the remainder of the negative votes being democrats.

#### Russell Hopeful.

"I do not feel put out," stated Senator Campbell Russell, father of the "Dream City idea," and author of the New Jerusalem bill measure. "I will beat them to it yet. It must not be forgotten that the Jerusalem advo-

ates have the proposition in initiated petitions filed with the secretary of state, and against which citizens of Guthrie have protested. The measure is pending before the Supreme Court, and the people of the state may rest assured that I will support the legislation through the supreme Court and see that it gets to them at the polls. I know that the people will say when they get a chance to vote upon it."

#### School Tax Pro Rata.

The doughty Senator from Warner, in Muskogee county, who is also a candidate for the democratic nomination for congress from the Third district, if feeling any keenness in the New Jerusalem bill's death, was jubilant over other house action when it reconsidered the defeat of his proposed constitutional amendment pro-rating the common school taxes received from public service corporations, and passed it by a vote of 57 to 32, with 17 absentees. Under existing law these counties through which railroads, pipe lines and other corporations of the public service class operate, and pay taxes for the support of the common schools, receive the benefit of all such taxes collected for their own schools. The constitutional amendment which will be submitted to a vote of the people next November prorates the tax among all the counties of the state, according to the scholastic population.

#### Federal Income Tax.

The house took final action upon the income tax amendment to the federal constitution submitted to the states by the last congress, and the proposition is now ready for the governor's consideration.

Under agreement this afternoon four measures affecting the state school land department and the handling of public funds were made special orders in the house for tomorrow morning. The bills are by Mr. Ross and the senate bill by Morris fixing positions in the school land department, and the bill by Mr. Ross to require the permanent school funds to be deposited with the state treasurer, and the Wallace bill providing that all money collected by state officials shall be paid into the state treasury. Two of the measures will supply a deficiency in the law as pointed out by the state supreme court in a recent decision and will determine the number of employees in the school land department and what their salaries shall be.

While the house had under consideration today the Casteel bill fixing a procedure for leasing the school land, it defeated an amend-

ment by Ross which provided that nothing in the legislation should authorize commissioners of the land offices to create positions or fix salaries other than as provided by law.

By a decided vote the House killed the bill by Mr. Rogers of Pittsburg county making it a misdemeanor for railroads to require office clerks to perform Sunday labor save as emergencies arose, and then the employee was to be paid "over-time" wages.

#### In the Senate.

The senate passed another bill by Senator Taylor amending the initiative and referendum act of the First legislature, which replaces the act recently vetoed by the governor. Before the new bill was called up for action, the governor's veto message was laid before the senate for ratification or rejection, the question being, "Shall the bill pass, notwithstanding the governor's veto." The motion was defeated by a vote of 5 to 25, the five affirmative votes being Senators Hatchett, Morris, Roddie, Russell and Taylor, all democrats. When Senator Taylor's name was reached he told the senate that he was convinced that no constitutional question was involved in the former bill. The objections urged by the governor, he said, were only questions of policy that had been suggested by the Attorney General, and were not, as he viewed them, affecting validity of the law. It is understood that the governor is in favor of the new measure, and since it contains substantially the same

provisions as did the vetoed bill, senator feel that nothing has been lost except time. As the bill passed the senate, it provides that one-quarter of an inch of white space shall be left at the top of constitutional amendments submitted under this act, but the scheme of voting

### PLACING CREDIT.

We have been informed that the  
list of names of posse concerned in  
the capture of Hendrix given the Ada  
News by one of the parties, contain-  
ed the names of Ed Fussell and Pate  
Beauchamp. Yet their published re-  
port omitted these names. We would  
ask why? Ed was with the boys on  
every night spent in the sticks. They  
came here on word from Ed. Ed  
rode out and brought the posse back

to get Hendrix. The report that Ed  
was held up by Hendrix is absolutely  
false. It is not right that a brave  
man be slandered in this way. And  
every one of the posse should have  
due credit for his part in the af-  
fair—Roff Eagle.

The several reports the Evening  
News received of the above men-  
tioned affair did not contain the names  
of Fussell and Beauchamp, which is  
the reason they were not given. The  
Eagle contradicts itself by saying  
the Evening News did not mention  
Ed's name and then saying we slan-  
dered him by reporting that he was  
held up by Hendrix. If he was held  
up we did not hear about it until we  
read it in the Eagle. This paper is  
perfectly willing that both Ed and  
Pate shall have credit due them  
and with this aim we today repro-  
duce the Eagle's article which very  
briefly speaks on their names.

### THE NEGRO VOTE.

White men are partisan democrats  
or republicans; but their vote is al-  
ways capable of being changed, if the  
party gets too far from their con-  
victions. But the negro has no con-  
viction strong enough to change his  
vote. No matter what the republican  
party may hold, no matter what  
change of front it may make the ne-  
gro vote is always with it, unchange-  
able, immovable, voting exactly as  
the republican managers tell them.

Such a vote, concentrated and  
handled by men always shrewd and  
often unscrupulous, is an absolute  
menace to free government.—Shaw-  
nee Herald.

## HASKILL WILL PREACH ON LAW ENFORCEMENT

Muskogee, March 11.—Rev. W. S.  
Wiley this morning received a tele-  
gram from Governor Haskell stating  
that he would arrive in Muskogee  
Sunday morning at 8:00. The gov-  
ernor is slated to make an address  
at the First Christian church Sun-  
day afternoon at 3 o'clock when a  
mass meeting will be held. His sub-  
ject will be law enforcement. There  
will also be other prominent state  
speakers. The idea of this in charge  
of the meeting is to create more sen-  
timent for the enforcement of law  
in Muskogee. Governor Haskell is  
making similar speeches in various  
parts of the state.

### Commits Suicide on Train.

razor on board a Chicago Great West-  
ern train as it entered the city to-

stantly. He is a son of J. F. Lehr  
of Ottawa, Kas.

### Ministers Organize.

Weatherford, Ok., March 10.—Sev-  
eral of the ministers of the town met  
at the Southern Methodist parsonage  
for the purpose of electing a perma-  
nent organization. Rev. M. D. Reed  
was chosen president, and Rev. J. E.  
Savage, secretary. Rev. Crawford and  
Rev. F. F. Gordon were appointed a  
committee to draft constitution and  
by-laws.

## POSTAL BANK BILL NOW IN LIMELIGHT

HOUSE COMMITTEE HEARING  
WILL COMMENCE NEXT  
WEDNESDAY.

### NO UNQUE DELAY EXPECTED

Cannon Determined Measure Shall  
Pass—Insurgents Favor It—  
Borah Amendment May Re-  
main.

Washington, March 11.—All other  
business was temporarily laid aside  
by the house committee on Postof-  
fices and Post Roads today in favor  
of the postal savings bank bill, which  
was received a few days ago from  
the senate. Representative John W.  
Weeks of Massachusetts, chairman  
of the committee, announced, after a  
meeting had been held, that hear-  
ings would begin on the measure  
next Wednesday.

Everything indicates that, no mat-  
ter what disposition there may be  
on the part of many influential mem-  
bers of the house to postpone ac-  
tion on the bill, it will not be un-  
duly delayed in its course through  
the committee.

Speaker Cannon has made up his  
mind that it is one of President  
Taft's measures which must become  
a law at this session. There is prac-  
tically no opposition to it on the part  
of the republican insurgents, and it  
is expected to go along on greased  
ways after it lands in the open  
house.

Some doubt exists as to what the  
committee will do with the Borah  
amendment, which was tacked onto  
the bill by the senate insurgents and  
stipulates that none of the money  
deposited in the postal banks shall  
be invested in government bonds  
bearing less than 2 1-4 per cent in-  
terest. The general opinion is, how-  
ever, that when the measure is pass-  
ed finally by the house, this fea-  
ture will be in it.

### DURANT SHOULD USE ADA ROCK ASPHALT

The cheapest bid Durant received  
on its brick paving proposed was  
\$3.21 per square yard, which was  
by Gilkerson & Levy and the same  
was finally turned down. Durant  
should use Ada asphalt, the best and  
cheapest paving material on earth.  
Ada's big asphalt paving contract  
is at the price of \$1.80 per square  
yard.

Norfolk, Va., March 11.—The U. S.  
scout cruiser Birmingham put to sea

from the missing naval tug Nina,  
which was found, according to wire-  
less reports, near Metom Kin inlet,  
on the upper Virginia coast.

## AN ECHO OF WILL HENDRICKS' CAPTURE

DIFFICULTY ARISES OVER GUN  
TAKEN FROM HIM.

Deputy Sheriff Collins Demands It  
From Jim McCarty at Court  
House.

An echo of the Hendricks capture  
was heard yesterday at the sheriff's  
office and the details as gathered  
there are that Jim McCarty, one of  
the men who went after Hendrix,  
went into the office, having in his  
possession one of Hendrix's 45 cal-  
ibre automatic pistols which he was  
going to keep to satisfy a dept of  
\$35 which he said Hendrix owed him.  
Oscar Collins, deputy sheriff of Roff  
was in the office on business and  
asked McCarty if he was an officer  
or had any right to carry a gun. Mc-  
Carty is said to have told him no,  
and Collins, as an officer, asked him  
for the gun.

McCarty refused to give up the  
gun. He pointed it at Collins and  
told him he would shoot if he didn't  
leave him alone. Collins attempted  
to reason the matter with him by  
telling him he was his friend, etc.  
They went out of the court house  
and McCarty again pointed the gun  
at Collins, repeating that he would  
shoot him if he didn't leave him  
alone.

The men went into the Pontotoc  
cafe, Collins holding McCarty by the  
left hand, still asking for the gun.  
Hookie Miller and others were in the  
cafe and McCarty gave Miller the  
gun. Miller put it in the waistband  
of his trousers and Collins immedi-  
ately grabbed it, saying he would  
give it to the proper authorities as he  
had no desire to keep it. He offered  
it to the undersheriff but he refused  
it, saying he had no right to it. Col-  
lins also offered it to a deputy sher-  
iff but he too refused it.  
Collins returned to Roff yesterday.

They will be rebuilt.

### Phone Hearing on 15th.

Guthrie, Okla., March 11.—The  
hearing by the corporation commis-  
sion on proposed order No. 61, es-  
tablishing rates for long distance  
telephone service in the State of Ok-  
lahoma, which was set for March  
15th, has again been postponed for  
thirty days. The proposed order in-  
volves all telephone companies do-  
ing business in the state, and the  
hearing undoubtedly will attract to  
Guthrie the largest contingent of  
telephone service experts ever gath-  
ered in the state.

The postponement is occasioned by  
the fact that the commission's en-  
gineering and accounting commis-  
sion have been worked so hard in pre-  
paring evidence for use in the freight  
rate hearing now in progress and the  
trial of the case in the United States  
court that they have been unable to  
prepare for the telephone hearing.  
It is believed, however, that the  
hearing will be held on the date now  
set, and all parties interested are  
being notified to be present.

and discouragement were the cause.

## THIS FELLOW SAID HE WOULD PLAY THE CRIMINAL

WANTED A JOB TRAINING BLOOD  
HOUNDS.

Heard Sheriff Was on Lookout for a  
Trainer So He Makes Office  
a Call.

A Missourian appeared at the sher-  
iff's office this morning wanting a  
job training blood hounds. He said  
he understood there was a pair of  
dogs at the court house and that  
they needed training.

"Up there in Christian, Chaney and  
Douglas counties, Missouri, them  
sheriffs used to have me engaged  
all the time training dogs—I can  
train 'em too—and the way you want  
to do it is to git after 'em while  
they are young and learn 'em the  
tricks of the game and give 'em hard  
hunts. I heard the sheriff here  
wanted a fellow to run ahead of  
the dogs and play the criminal act  
and I thought maybe I could catch  
onto the job. I can do it, all O. K."

A deputy told him if the sheriff  
wanted a trainer he didn't know it,  
as there was already a man in  
charge of the hounds.

## Wilmer B. Jones Announces.

Wilmer B. Jones was born in Hop-  
kins County, Tex., 37 years ago. Was  
deputy tax-collector for that county  
in 1901. Came to Ada, Oklahoma, in  
October of 1902. Mr. Jones was elected  
city clerk of Ada in 1908 over  
one of the most popular men in that  
city, carrying every ward in the city.  
He was re-elected in 1909 without  
opposition.

During the two years that Mr.  
Jones has served as city clerk the  
city has been making some exten-  
sive improvements in the way of  
paving and sewerage that has re-  
quired the highest grade of clerical  
ability and Mr. Jones has filled the  
position without any complaint of  
any kind. Especially is it a difficult  
proposition to handle the transcript  
required in securing a bond is-  
sue and no transcripts have been  
sent back to Mr. Jones for correc-  
tion.

Mr. Jones was raised on a farm,  
and has put in the most of his life  
as a tiller of the soil.

Mr. Jones suggests, that inasmuch  
as the office belongs to the people  
and that the present incumbent has  
had the office a little over three  
years at the expiration of his term,  
and only had to make one canvass,  
he feels like he is entitled to con-  
sideration and to be placed with other  
candidates.

Mr. Jones is affable, courteous and  
genial. He is a good handshaker and  
is going after the votes to the best  
of his ability.—Roff Eagle.

## SEN. RUSSELL'S

(Continued from Page One.)

remains the same. It will be necessary to erase the words "For the amendment" in order to vote against it. Otherwise the vote is an affirmative one.

### To Attorney General.

Persons submitting propositions are to prepare the ballot title, which must then be submitted to the Attorney General, and there is no prohibition against printing the form of ballot in a newspaper, but the new law restricts free circulation of sample ballots at the polls. The only amendments which can be submitted under provisions of the act must be first suggested to the people by legislative resolution. Senator Brownlee (rep.) offered amendments to require that the ballot be printed in bold-faced type, with one inch white space above and below, and when they were defeated offered a suggestion that constitutional amendments must be printed on separate ballots. This, too, was defeated.

The senate passed finally the Allen bill appropriating \$100,000 for the buildings for the state school for the Deaf in Sulphur, and recommended for passage a constitutional amendment by Roddie reducing the number of senators to 40 and the number of house members to 100.

Resolutions of condolence were adopted by the House on the death of the father of Representative Moore of the Coal-Johnston county district.

Both houses have adopted a conference report on the bill by Smith of Caddo county dividing the taxes into semi-annual payments, and the senate has named Senators Smith, Thomas and Roddie as a conference committee on the fee bill.

Members do not look for a final adjournment of the legislature before the end of next week.

### POETRY FROM PRISON.

Composed in the Pontotoc county jail by Z. Davis who is there for forgery.

While lying on my bed tonight,  
I changed my mind that I'd do right  
And to the Father some pleasure give  
And from this night a Christian life live.

This I ask of my Father above,  
To fill my heart with his gracious love;  
And for his spirit with me to dwell  
And save me from a devil's hell.

Dear Christian friends, both far and near,  
Your words and prayers I cannot hear,  
But if on earth we meet no more  
We'll meet on Canaan's happy shore.

And when our time on earth is ended  
And we work below no more,  
Then we'll all be joined together,  
In that bright for-ever-more.

And in that home so bright and fair  
We'll find no sorrow or trouble there,  
In that happy home on high  
Where peace and love shall never die.

There is a rest for each poor soul  
Who will upon the Saviour call,  
Who will his blessed promise obey,  
And walk in faith from day to day.

There is a home for every one,  
A home of pure delight,  
A home where sorrow can never come,

Where all that is, is love and light.

Oh, sinner, will you his call now heed?  
He is willing to save you, willing indeed;

Oh, will you now choose him as your friend  
Just open your heart, let the Savior's love in.

The Savior is calling, "Oh, sinner, come home,"

Will you now heed his calling and cease to roam?

He is waiting and calling from day to day,  
Saying, "Sinner will you come and walk in this way?"

The Savior is calling, how can you resist,  
He is willing and waiting your soul to bless

He is able and willing by His power to divine,  
Accept His blessings, here Lord I am thine.

Some day on bending knees you'll fall,  
And on the blessed Savior call,  
And then you'll hear your awful fate,  
"Depart from me, it is too late."

## NEGROES HATE "JIM CROW"

AFRICANS GIVE MUCH TROUBLE  
ON STREET CARS—REFUSE  
TO STAY IN PLACE.

### ANOTHER CO. POOR SHERIFF

Sheriff Refuses to Allow His Deputies to Longer Guard the Cars.

Muskogee, Okla., March 11.—Efforts to enforce the Jim Crow law on street cars has caused an acute situation here tonight. Following the placing of deputy sheriffs on all cars last night and the arrest of several negroes, and putting scores of them off cars for refusing to observe the law, a sullen resentment on the part of the negroes is growing.

Tonight the sheriff took all his deputies off and refused longer to permit them to ride the cars on the grounds that it might involve him in personal damage suits. The police, too, have refused further aid to the street car company. The superintendent tonight said he would enforce the Jim Crow law if he had to place a deputy on every car and pay them himself.

The negroes are causing trouble by refusing to take the Jim Crow section until the conductors stop the cars and start to eject them by force when they reluctantly obey. Some have even gone so far as to wait until the conductors leave the cars to call officers, and then comply with orders. Others demand their money back and leave the cars.

### POLICE PROTECTION IN CITIES.

Atlantic City, Washington, St. Louis and New York.

Washington, March 11.—Interesting facts concerning the police in the 158 largest cities in the United States each having a population of over 30,000 in 1907, are comprehensively assembled in the United States census bureau's special annual report on the statistics of American cities for that year which is now in press.

The police protection afforded the inhabitants of different cities is indicated by showing the number of police per 10,000 inhabitants, per 1,000 acres of land area and per 100 miles of improved streets.

It is stated that the number of police to each unit increases with the size of the city. In cities of over 300,000 population, the number of police per 10,000 inhabitants was 19.4 as compared with only 10.5 in cities of from 30,000 to 50,000 population. The cities with the greatest protection according to this unit of measure were Atlantic City, 25.1; Washington, 23.4; St. Louis, 23.2; New York, 21.5.

The compensation of patrolmen was much larger in the cities of over 300,000 population than in the smaller cities. The average annual pay of patrolmen in cities of over 300,000 population was highest in San Francisco, \$1,464, and New York, \$1,228, and lowest in New Orleans, \$780, and Buffalo, \$900; in cities of from 100,000 to 300,000 population it was highest in Portland, Oregon, \$1,200, and Newark, \$1,176; and lowest in Grand Rapids, Mich., \$796, and St. Paul, \$858; in cities of from 50,000 to 100,000 population it was highest in Oakland, Calif., \$1,200, and Houston, Tex., \$1,161, and lowest in Kansas City, \$780; in cities of from 30,000 to 50,000 population it was highest in Butte and Sacramento, \$1,200, and lowest in Kalamazoo, \$690, and Oshkosh, \$709.

### Bill Hendrix Comes to Town.

All last week rumors were rife around Roff that Bill Hendrix was going to pay the town a visit. Sunday morning about 10 o'clock he came in. He sauntered up and down the streets passing pleasantries with old acquaintances and occasionally using his automatic jokers to determine whether any one was a walking arsenal. He met Bill Lucas, a well-driller and joked him into carrying his Winchester for him. After that Bill had Lucas examine the populace for concealed fire-crackers.

This continued until about 11:30 when Bill started north from Main street on the hunt of a place to telephone. He tried E. W. Turner's place, but was met at the door by Mr. Turner with a shotgun and told he could not come in there. He went from here to W. W. Cooper's, but they didn't have any phone and so he went across the street to A. M. Duran's, and here he found a phone and telephoned to his sister.

As Bill was leaving the Duran house, "Hookey" Miller and the other members of the posse who had been out in the sticks all night on the hunt of Bill opened the ball by a few pleasantries in the way of steel bullets. Bill returned the fire, shooting twice. One of the spent balls fired by the posse grazed the cheek of Olgar Duran, a boy about 6 years old and another assassinated a bedstead. One bullet cut a hole in the blouse Hendrix was wearing. One of the posse shot a hole through a telephone pole. The posse was as follows: Walter Goynne, Tommy Adair, George Culver, George Miller and Jim McCarthy. Ed Fussell, Pate Beauchamp, Will Allen and several others had been with the posse all night on this and other occasions, but arrived in town too late to take part in the round up. Hendrix retreated into the house after this exchange of pleasantries, to re-appear a moment later and surrender.

The credit of Hendrix's capture is due probably to George Miller, who had been on the case some time. Hendrix was under the influence of liquor at the time he was captured. Hendrix was taken to the Ada jail Sunday evening.

It is fortunate that no one was seriously hurt during the melee.

Postscript—Bob Wimbish appeared on the scene and informed the Roff people of many things, and held a post mortem examination on the Roff conscience.—Roff Eagle.

## SEN. RUSSELL'S DREAM CITY, NEW JERUSALEM, SLEEPS

HOUSE SPURNS MEASURE--VOTED DOWN 48 TO 46.

### BUT, RUSSELL SECURES PASSAGE OF ANOTHER IMPORTANT BILL

All School Districts to Secure Free Rate Part of Railroad Taxes.

Guthrie, Ok., March 11.—The New Jerusalem act for location of the State Capitol on a site to be selected by the people, and which, before going into effect, was to have been ratified by the people at the polls, was defeated in the house of representatives today, and after a motion was made to reconsider the vote the defeat was clinched by laying that motion on the table. The roll call revealed the vote on final passage to be 48 to 46 with 14 absentees. Mr. Durham, an advocate changed his vote to the winning side, so he would be in position to lodge a motion of reconsideration. Mr. Dunn of Oklahoma City, which town is an aspirant for state capitol honors, scored with the presiding officer first and put through the motion referred to and which terminates legislation the subject during the present special session. This done, Mr. Durham, again changed his vote, to make his record straight.

The bill had passed the senate, and a joint resolution was coming which would have carried the proposition before the people at the next general election. Aligned against the measure was the solid republican minority with the exception of Mr. Dixon, Mr. Jacobs and Mr. Milsap, the remainder of the negative votes being democrats.

#### Russell Hopeful.

"I do not feel put out," stated Senator Campbell Russell, father of the "Dream City Idea," and author of the New Jerusalem bill measure. "I will beat them to it yet. It must not be forgotten that the Jerusalem advo-

ates have the proposition in initiated petitions filed with the secretary of state, and against which citizens of Guthrie have protested. The measure is pending before the Supreme Court, and the people of the state may rest assured that I will support the legislation through the supreme court and see that it gets to them at the polls. I know that the people will say when they get a chance to vote upon it."

#### School Tax Pro Rata.

The doughty Senator from Warner, in Muskogee county, who is also a candidate for the democratic nomination for congress from the Third district, if feeling any keenness in the New Jerusalem bill's death, was jubilant over other house action when it reconsidered the defeat of his proposed constitutional amendment protecting the common school taxes received from public service corporations, and passed it by a vote of 57 to 32, with 17 absentees. Under existing law these counties through which railroads, pipe lines and other corporations of the public service class operate, and pay taxes for the support of the common schools, receive the benefit of all such taxes collected for their own schools. The constitutional amendment which will be submitted to a vote of the people next November prorates the tax among all the counties of the state, according to the scholastic population.

#### Federal Income Tax.

The house took final action upon the income tax amendment to the federal constitution, submitted to the states by the last congress, and the proposition is now ready for the governor's consideration.

Under agreement this afternoon four measures affecting the state school land department and the handling of public funds were made special orders in the house for tomorrow morning. The bills are by Mr. Ross and the senate bill by Morris fixing positions in the school land department, and the bill by Mr. Ross to require the permanent school funds to be deposited with the state treasurer, and the Wallace bill providing that all money collected by state officials shall be paid into the state treasury. Two of the measures will supply a deficiency in the law as pointed out by the state supreme court in a recent decision and will determine the number of employees in the school land department and what their salaries shall be.

While the House had under consideration today the Casteel bill fixing a procedure for leasing the school land, it defeated an amend-

ment by Ross which provided that nothing in the legislation should authorize commissioners of the land offices to create positions or fix salaries, other than as provided by law. By a decided vote the House killed the bill by Mr. Rogers of Pittsburg county making it a misdemeanor for railroads to require office clerks to perform Sunday labor save as emergencies arose, and then the employee was to be paid "over-time" wages.

#### In the Senate.

The senate passed another bill by Senator Taylor amending the initiative and referendum act of the First legislature, which replaces the act recently vetoed by the governor. Before the new bill was called up for action, the governor's veto message was laid before the senate for ratification or rejection, the question being, "Shall the bill pass, notwithstanding the governor's veto." The motion was defeated by a vote of 5 to 25, the five affirmative votes being Senators Hatchett, Morris, Roddie, Russell and Taylor, all democrats. When Senator Taylor's name was reached he told the senate that he was convinced that no constitutional question was involved in the former bill. The objections urged by the governor, he said, were only questions of policy that had been suggested by the Attorney General, and were not, as he viewed them, affecting validity of the law. It is understood that the governor is in favor of the new measure, and since it contains substantially the same

provisions as did the vetoed bill, senator feel that nothing has been lost except time. As the bill passed the senate, it provides that one-quarter of an inch of white space shall be left at the top of constitutional amendments submitted under this act, but the scheme of voting

### PLACING CREDIT.

We have been informed that the  
list of names of posse concerned in  
the capture of Hendrix given the Ada  
News by one of the parties, contained  
the names of Ed Fussell and Pate  
Beauchamp. Yet their published re-  
port omitted these names. We would  
ask why? Ed was with the boys on  
every night spent in the sticks. They  
came here on word from Ed. Ed  
rode out and brought the posse back

to get Hendrix. The report that Ed  
was held up by Hendrix is absolutely  
false. It is not right that a brave  
man be slandered in this way. And  
every one of the posse should have  
due credit for his part in the af-  
fair.—Roff Eagle.

The several reports the Evening  
News received of the above men-  
tioned affair did not contain the names  
of Fussell and Beauchamp, which is  
the reason they were not given. The  
Eagle contradicts it off by saying  
the Evening News did not mention  
his name and then saying we slan-  
dered him by reporting that he was  
held up by Hendrix. It is held up  
by the fact that he did not hear about it until  
it was in the paper. This paper is  
perfectly willing that both Ed and  
Pate should have credit due them  
and with this aim we today repro-  
duce the Eagle's article which very  
briefly dwells on their names.

### THE NEGRO VOTE.

While men of various democratic  
convictions, but all vote as a  
body, are coming out of the  
party gets too far from their con-  
victions. But the negro has no con-  
viction strong enough to change his  
vote. No matter what the republican  
party may hold no matter what  
change of front it may make the ne-  
gro vote is always with it unchange-  
able. The republican managers tell them  
Such a vote concentrated and  
handled by men always shrewd and  
often unscrupulous is an absolute  
menace to free government.—Shaw-  
nee Herald.

## HASKILL WILL PREACH ON LAW ENFORCEMENT

Muskogee March 11—Rev W S  
Wiley this morning received a tele-  
gram from Governor Haskell stating  
that he would arrive in Muskogee  
Sunday morning at 8 o'clock. The gov-  
ernor is slated to make an address  
at the First Christian church Sun-  
day afternoon at 3 o'clock when a  
mass meeting will be held. His sub-  
ject will be law enforcement. There  
will also be other prominent state  
speakers. The idea of these in charge  
of the meeting is to create more sen-  
timent for the enforcement of law  
in Muskogee. Governor Haskell is  
making similar speeches in various  
parts of the state.

### Commits Suicide on Train.

stantly. He is a son of J F Lehr  
of Ottawa, Kas.

## POSTAL BANK BILL NOW IN LIMELIGHT

HOUSE COMMITTEE HEARING  
WILL COME NEXT  
WEDNESDAY.

## NO UNQUE DELAY EXPECTED

Cannon Determined Measure Shall  
Pass—Insurgents Favor It—  
Borah Amendment May Re-  
main.

Washington March 11—All other  
business was temporarily laid aside  
by the house committee on Postal  
Office and Post Roads today in favor  
of the postal savings bank bill which  
was received a few days ago from  
the senate. Representative John W.  
Weeks of Massachusetts, chairman  
of the committee, announced after a  
meeting had been held that hear-  
ings would begin on the measure  
next Wednesday.

Everything indicates that no mat-  
ter what disposition there may be  
on the part of many influential mem-  
bers of the house to postpone ac-  
tion on the bill it will not be un-  
duly delayed in its course through  
the committee.

Speaker Cannon has made up his  
mind that it is one of President  
Taft's measures which must become  
a law at this session. There is prac-  
tically no opposition to it on the part  
of the republican insurgents and it  
is expected to go along on greased  
ways after it lands in the open  
house.

Some doubt exists as to what the  
committee will do with the Borah  
amendment, which was tacked onto  
the bill by the senate insurgents and  
stipulates that none of the money  
deposited in the postal banks shall  
be invested in government bonds  
bearing less than 2 1/4 per cent. In-  
stead the general opinion is, how-  
ever, that when the measure is passed  
finally by the house this fea-  
ture will be in it.

## DURANT SHOULD USE ADA ROCK ASPHALT

The cheapest bid Durant received

\$8.21 per square yard, which was

should use Ada asphalt the best and  
cheapest paving material on earth.  
Ada's big asphalt paving contract  
is at the price of \$1.80 per square  
yard.

## AN ECHO OF WILL HENDRICKS' CAPTURE

DIFFICULTY ARISES OVER GUN  
TAKEN FROM HIM.

Deputy Sheriff Collins Demands It  
From Jim McCarty at Court  
House.

An echo of the Hendricks capture  
was heard yesterday at the sheriff's  
office and the details as gathered  
there are that Jim McCarty, one of  
the men who went after Hendrix,  
went into the office, having in his  
possession one of Hendrix's 45 cal-  
ibre automatic pistols, which he was  
going to keep to satisfy a debt of  
\$35 which he said Hendrix owed him.  
Oscar Collins, deputy sheriff of Roff  
was in the office on business and  
asked McCarty if he was an officer  
or had any right to carry a gun. Mc-  
Carty is said to have told him no,  
and Collins, as an officer asked him  
for the gun.

McCarty refused to give up the  
gun. He pointed it at Collins and  
told him he would shoot if he didn't  
leave him alone. Collins attempted  
to reason the matter with him by  
telling him he was his friend, etc.  
They went out of the court house  
and McCarty again pointed the gun  
at Collins, repeating that he would  
shoot him if he didn't leave him  
alone.

The men went into the Pontotoc  
cafe, Collins holding McCarty by the  
left hand still asking for the gun.  
Hookie Miller and others were in the  
cafe and McCarty gave Miller the  
gun. Miller put it in the waistband  
of his trousers and Collins immedi-  
ately grabbed it, saying he would  
give it to the proper authorities as he  
had no desire to keep it. He offered  
it to the undersheriff but he refused  
it, saying he had no right to it. Col-  
lins also offered it to a deputy sher-  
iff but he too refused it.  
Collins returned to Roff yesterday.

The only amendments which can be submitted under provisions of the act must be first suggested to the people by legislative resolution. Senator Brownlee (rep.) offered amendments to require that the ballot be printed in bold-faced type, with one inch white space above and below, and when they were defeated offered a suggestion that constitutional amendments must be printed on separate ballots. This, too, was defeated.

The senate passed finally the Allen bill appropriating \$100,000 for the buildings for the state school for the Deaf in Sulphur, and recommended for passage a constitutional amendment by Roddie reducing the number of senators to 40 and the number of house members to 100.

Resolutions of condolence were adopted by the House on the death of the father of Representative Moore of the Coal-Johnston county district.

Both houses have adopted a conference report on the bill by Smith of Caddo county dividing the taxes into semi-annual payments, and the senate has named Senators Smith, Thomas and Roddie as a conference committee on the fee bill.

Members do not look for a final adjournment of the legislature before the end of next week.

## POETRY FROM PRISON.

Composed in the Pontotoc county jail by Z. Davis who is there for forgery.

While lying on my bed tonight,  
I changed my mind that I'd do right  
And to the Father some pleasure give  
And from this night a Christian life live.

This I ask of my Father above,  
To fill my heart with his gracious love;  
And for his spirit with me to dwell  
And save me from a devil's hell.

Dear Christian friends, both far and near,  
Your words and prayers I cannot hear,  
But if on earth we meet no more  
We'll meet on Canaan's happy shore.

And when our time on earth is ended  
And we work below no more,  
Then we'll all be joined together,  
In that bright for-ever-more.

And in that home so bright and fair  
We'll find no sorrow or trouble there,  
In that happy home on high  
Where peace and love shall never die.

There is a rest for each poor soul  
Who will upon the Saviour call,  
Who will his blessed promise obey,  
And walk in faith from day to day.

There is a home for every one,  
A home of pure delight,  
A home where sorrow can never come,  
Where all that is, is love and light.

Oh, sinner, will you his call now heed?  
He is willing to save you, willing indeed,  
Oh, will you now choose him as your friend  
Just open your heart, let the Saviour's love in.

The Saviour is calling, Oh, sinner,  
Come home,  
Will you now heed his calling and  
cease to roam?

He is waiting and calling from day to day,  
Saying, Sinner will you come and  
walk in this way?"

The Saviour is calling, how can you resist,  
He is willing, and waiting your soul to bless,  
He is able and willing by His power divine,  
Accept his blessings, here Lord I am thine.

Some day on bending knees you'll fall,  
And on the blessed Saviour call,  
And then you'll hear your awful fate,  
'Depart from me, it is too late.'

## NEGROES HATE 'JIM CROW'

AFRICANS GIVE MUCH TROUBLE  
ON STREET CARS—REFUSE  
TO STAY IN PLACE.

### ANOTHER CO. POOR SHERIFF

Sheriff Refuses to Allow His Deputies to Longer Guard the Cars.

Muskogee, Okla., March 11.—Efforts to enforce the Jim Crow law on street cars has caused an acute situation here tonight. Following the placing of deputy sheriffs on all cars last night and the arrest of several negroes, and putting scores of them off cars for refusing to observe the law, a sullen resentment on the part of the negroes is growing.

Tonight the sheriff took all his deputies off and refused longer to permit them to ride the cars on the grounds that it might involve him in personal damage suits. The police, too, have refused further aid to the street car company. The superintendent tonight said he would enforce the Jim Crow law if he had to place a deputy on every car and pay them himself.

The negroes are causing trouble by refusing to take the Jim Crow section until the conductors stop the cars and start to eject them by force when they reluctantly obey. Some have even gone so far as to wait until the conductors leave the cars to call officers, and then comply with orders. Others demand their money back and leave the cars.

### POLICE PROTECTION IN CITIES.

Atlantic City, Washington, St. Louis and New York.

Washington, March 11.—Interesting facts concerning the police in the 135 largest cities in the United States each having a population of over 30,000 in 1907, are comprehensively assembled in the United States census bureau's special annual report on the statistics of American cities for that year which is now in press. The police protection afforded the inhabitants of different cities is indicated by showing the number of police per 10,000 inhabitants, per 1,000 acres of land area and per 100 miles of improved streets.

It is stated that the number of police to each unit increases with the size of the city. In cities of over 300,000 population, the number of police per 10,000 inhabitants was 19.4 as compared with only 10.5 in cities of from 30,000 to 50,000 population. The cities with the greatest protection according to this unit of measure were Atlantic City, 25.1; Washington, 23.4; St. Louis, 23.2; New York, 21.5.

The compensation of patrolmen was much larger in the cities of over 300,000 population than in the smaller cities. The average annual pay of patrolmen in cities of over 300,000 population was highest in San Francisco, \$1,464, and New York, \$1,228, and lowest in New Orleans, \$780, and Buffalo, \$960, in cities of from 100,000 to 300,000 population. It was highest in Portland, Oregon, \$1,200, and Newark, \$1,176, and lowest in Grand Rapids, Mich., \$796, and St. Paul, \$858, in cities of from 50,000 to 100,000 population. It was highest in Oakland, Calif., \$1,200 and Houston, Tex., \$1,161, and lowest in Kansas City, \$780, in cities of from 30,000 to 50,000 population. It was highest in Butte and Sacramento, \$1,200, and lowest in Kalamazoo, \$690, and Oshkosh, \$704.

## Bill Hendrix Comes to Town.

All last week rumors were rife around Roff that 'Bill' Hendrix was going to pay the town a visit Sunday morning about 10 o'clock. He came in. He sauntered up and down the streets passing pleasantries with old acquaintances and occasionally using his automatic jokers to determine whether any one was a walking arsenal. He met Bill Lucas, a well-driller and joked him into carrying his Winchester for him. After that Bill had Lucas examine the populace for concealed fire-crackers.

This continued until about 11:30 when Bill started north from Main street on the hunt of a place to telephone. He tried E. W. Turner's place, but was met at the door by Mr. Turner with a shotgun and told he could not come in there. He went from here to W. W. Cooper's, but they didn't have any phone and so he went across the street to A. M. Duran's, and here he found a phone and telephoned to his sister.

As Bill was leaving the Duran house, "Hooker" Miller and the other members of the posse who had been out in the sticks all night on the hunt of Bill opened the ball by a few pleasantries in the way of steel bullets. Bill returned the fire, shooting twice. One of the spent balls fired by the posse grazed the cheek of Olgar Duran, a boy about 6 years old and another assassinated a bedstead. One bullet cut a hole in the blouse Hendrix was wearing. One of the posse shot a hole through a telephone pole. The posse was as follows: Walter Goynes, Tommy Adair, George Culver, George Miller and Jim McCarthy. Ed Fussell, Pat Beauchamp, Will Allen and several others had been with the posse all night on the sand other occasions but arrived in town too late to take part in the round up. Hendrix retreated into the house after this exchange of pleasantries, to reappear a moment later and surrender.

The credit of Hendrix's capture is due probably to George Miller, who had been on the case some time. Hendrix was under the influence of liquor at the time he was captured. Hendrix was taken to the Ada jail Sunday evening.

It is fortunate that no one was seriously hurt during the melee. Postscript—Bob Winbush appeared on the scene and informed the Roff people of many things, and held a post mortem examination on the Roff conscience—Roff Eagle.

## SEN. RUSSELL'S DREAM CITY, NEW JERUSALEM, SLEEPS

HOUSE SPURNS MEASURE—VOTED DOWN 48 TO 46.

### BUT RUSSELL SECURES PASSAGE OF ANOTHER IMPORTANT BILL

All School Districts to Secure Pro Rata Part of Railroad Taxes.

Guthrie, Ok. March 11.—The New Jerusalem act for location of the State Capitol on a site to be selected by the people, and which, before going into effect, was to have been ratified by the people at the polls, was defeated in the house of representatives today, and after a motion was made to reconsider the vote the defeat was clinched by laying that motion on the table. The roll call revealed the vote on final passage to be 48 to 46 with 14 absentees. Mr. Durham, an advocate changed his vote to the winning side so he would be in position to lodge a motion of reconsideration. Mr. Dunn of Oklahoma City, which town is an aspirant for state capitol honors scored with the presiding officer first and put through the motion referred to and which terminates legislation the subject during the present special session. This done Mr. Durham again changed his vote to make his record straight.

The bill had passed the senate and a joint resolution was coming which would have carried the proposition before the people at the next general election. Aligned against the measure was the solid republican minority with the exception of Mr. Dixon. Mr. Jacobs and Mr. Milesap the remainder of the negative votes being democrats.

Russell hopeful. I do not feel put out," stated Senator Campbell Russell, father of the "Dream City Idea" and author of the New Jerusalem bill measure. "I will beat them to it yet. It must not be forgotten that the Jerusalem advo-

ates have the proposition in initial ed petitions filed with the secretary of state and against which citizens of Guthrie have protested. The measure is pending before the Supreme Court, and the people of the state may rest assured that I will support the legislation through the supreme Court and see that it gets to them at the polls. I know that the people will say when they get a chance to vote upon it.

### School Tax Pro Rata.

The doughty Senator from Warner, in Muskogee county, who is also a candidate for the democratic nomination for congress from the Third district, if feeling any keenness in the New Jerusalem bill's death, was jubilant over other house action when it reconsidered the defeat of his proposed constitutional amendment providing the common school taxes received from public service corporations and passed it by a vote of 57 to 32 with 17 absentees. Under existing law these counties through which railroads pipe lines and other corporations of the public service class operate, and pay taxes for the support of the common schools, receive the benefit of all such taxes collected for their own schools. The constitutional amendment which will be submitted to a vote of the people next November prorates the tax among all the counties of the state, according to the scholastic population.

### Federal Income Tax.

The house took final action upon the income tax amendment to the federal constitution submitted to the states by the last congress and the proposition is now ready for the governor's consideration.

Under agreement this afternoon four measures affecting the state school land department and the handling of public funds were made special orders in the house for tomorrow morning. The bills are by Mr. Ross and the senate bill by Morris fixing positions in the school land department and the bill by Mr. Ross to require the permanent school funds to be deposited with the state treasurer and the Wallace bill providing that all money collected by state officials shall be paid into the state treasury. Two of the measures will supply a deficiency in the law as pointed out by the state supreme court in a recent decision and will determine the number of employees in the school land department and what their salaries shall be.

While the house had under consideration today the Casteel bill fixing a procedure for leasing the school land, it defeated an amend-

ment by Ross which provided that nothing in the legislation should authorize commissioners of the land offices to create positions or fix salaries other than as provided by law. By a decided vote the House killed the bill by Mr. Rogers of Pittsburg county making it a misdemeanor for railroads to require office clerks to perform Sunday labor save as emergencies arose, and then the employee was to be paid over time wages.

### In the Senate.

The senate passed another bill by Senator Taylor amending the initiative and referendum act of the First legislature, which replaces the act recently vetoed by the governor. Before the new bill was called up for action, the governor's veto message was laid before the senate for ratification or rejection the question being "Shall the bill pass notwithstanding the governor's veto?" The motion was defeated by a vote of 5 to 25 the five affirmative votes being Senators Hatchett, Morris, Roddie, Russell and Taylor all democrats. When Senator Taylor's name was reached he told the senate that he was convinced that no constitutional question was involved in the former bill. The objections urged by the governor, he said, were only questions of policy that had been suggested by the Attorney General, and were not, as he viewed them, affecting validity of the law. It is understood that the governor is in favor of the new measure, and since it contains substantially the same

provisions as did the vetoed bill, senator feel that nothing has been lost except time. As the bill passed the senate it provides that one-quarter of an inch of white space shall be left at the top of constitutional amendments submitted under this act, but the scheme of voting

## POSTAL BANK BILL NOW IN LIMELIGHT

HOUSE COMMITTEE HEARING  
WILL COMMENCE NEXT  
WEDNESDAY.

### NO UNDUE DELAY EXPECTED

Cannon Determined Measure Shall  
Pass—Insurgents Favor It—  
Borah Amendment May Re-  
main.

Washington March 11—All other  
business was temporarily laid aside  
by the house committee on Postal  
Affairs and Post Roads today in favor  
of the postal savings bank bill which  
was received a few days ago from the  
senate. Representative John W.  
Borah of Massachusetts chairman  
of the committee announced after a  
meeting had been held that hear-  
ings would begin on the measure  
next Wednesday.

Everything indicates that no mat-  
ter what disposition there may be  
on the part of many influential mem-  
bers of the house to postpone ac-  
tion on the bill it will not be un-  
duly delayed in its course through  
the committee.

Speaker Cannon has made up his  
mind that it is one of President  
Taft's measures which must become  
a law at this session. There is prac-  
tically no opposition to it on the part  
of the republican insurgents and it  
is expected to go along on greased  
ways after it lands in the open house.

Some doubt exists as to what the  
committee will do with the Borah  
amendment, which was tacked onto  
the bill by the senate insurgents and  
stipulates that none of the money  
deposited in the postal banks shall  
be invested in government bonds  
bearing less than 2 1/4 per cent in-  
terest. The general opinion is, how-  
ever, that when the measure is passed  
finally by the house this fea-  
ture will be in it.

### DURANT SHOULD USE ADA ROCK ASPHALT

The cheapest bid Durant received  
on its brick paving proposed was  
\$2.21 per square yard, which was  
by Glickerson & Levy and the same  
was finally turned down. Durant  
should use Ada asphalt the best and  
cheapest paving material on earth.  
Ada's big asphalt paving contract  
is at the price of \$1.80 per square  
yard.

### AN ECHO OF WILL HENDRICKS' CAPTURE

DIFFICULTY ARISES OVER GUN  
TAKEN FROM HIM.

Deputy Sheriff Collins Demands It  
From Jim McCarty at Court  
House.

An echo of the Hendricks capture  
was heard yesterday at the sheriff's  
office and the details as gathered  
there are that Jim McCarty, one of  
the men who went after Hendrix,  
went into the office, having in his  
possession one of Hendrix's 45 cali-  
bre automatic pistols which he was  
going to keep to satisfy a debt of  
\$35 which he said Hendrix owed him.  
Oscar Collins, deputy sheriff of Roff  
was in the office on business and  
asked McCarty if he was an officer  
or had any right to carry a gun. Mc-  
Carty is said to have told him no,  
and Collins, as an officer asked him  
for the gun.

McCarty refused to give up the  
gun. He pointed it at Collins and  
told him he would shoot if he didn't  
leave him alone. Collins attempted  
to reason the matter with him by  
telling him he was his friend, etc.  
They went out of the court house  
and McCarty again pointed the gun  
at Collins, repeating that he would  
shoot him if he didn't leave him  
alone.

The men went into the Pontotoc  
cafe, Collins holding McCarty by the  
left hand still asking for the gun.  
Hookle Miller and others were in the  
cafe and McCarty gave Miller the  
gun. Miller put it in the waistband  
of his trousers and Collins immedi-  
ately grabbed it, saying he would  
give it to the proper authorities as he  
had no desire to keep it. He offered  
it to the undersheriff but he refused  
it, saying he had no right to it. Col-  
lins also offered it to a deputy sher-  
iff but he too refused it.  
Collins returned to Roff yesterday.

They will be rebuilt.

### Phone Hearing on 15th.

Guthrie, Okla. March 11—The  
hearing by the corporation commis-  
sion on proposed order No. 61 es-  
tablishing rates for long distance  
telephone service in the State of Ok-  
lahoma, which was set for March  
15th, has again been postponed for  
thirty days. The proposed order in-  
volves all telephone companies do-  
ing business in the state and the  
hearing undoubtedly will attract to  
Guthrie the largest contingent of  
telephone service experts ever gath-  
ered in the state.

The postponement is occasioned by  
the fact that the commission's en-  
gineering and accounting departments  
have been worked so hard in prepar-  
ing evidence for use in the freight  
rate hearing now in progress and the  
trial of the case in the United States  
court that they have been unable to  
prepare for the telephone hearing.  
It is believed, however, that the  
hearing will be held on the date now  
set, and all parties interested are  
being notified to be present.

### Jumps Under Train.

# SEN. RUSSELL'S

(Continued from Page One)

remains the same. It will be necessary to erase the words "For the amendment" in order to vote against it. Otherwise the vote is an affirmative one.

**To Attorney General.**  
Persons submitting propositions are to prepare the ballot title, which must then be submitted to the Attorney General, and there is no prohibition against printing the form of ballot in a newspaper, but the new law restricts free circulation of sample ballots at the polls. The only amendments which can be submitted under provisions of the act must be first suggested to the people by legislative resolution. Senator Brownlee (rep.) offered amendments to require that the ballot be printed in bold-faced type, with one inch white space above and below, and when they were defeated offered a suggestion that constitutional amendments must be printed on separate ballots. This, too, was defeated.

The senate passed finally the Allen bill appropriating \$100,000 for the buildings for the state school for the Deaf in Sulphur, and recommended for passage a constitutional amendment by Roddie reducing the number of senators to 40 and the number of house members to 100.

Resolutions of condolence were adopted by the House on the death of the father of Representative Moore of the Coal-Johnston county district. Both houses have adopted a conference report on the bill by Smith of Caddo county dividing the taxes into semi-annual payments, and the senate has named Senators Smith, Thomas and Roddie as a conference committee on the fee bill.

Members do not look for a final adjournment of the legislature before the end of next week.

# POETRY FROM PRISON.

Composed in the Pontotoc county jail by Z. Davis who is there for forgery.

While lying on my bed tonight,  
I changed my mind that I'd do right  
And to the Father some pleasure give  
And from this night a Christian life live.

This I ask of my Father above,  
To fill my heart with his gracious love;  
And for his spirit with me to dwell  
And save me from a devil's hell.

Dear Christian friends, both far and near,  
Your words and prayers I cannot hear,  
But if on earth we meet no more  
We'll meet on Canaan's happy shore.

And when our time on earth is ended  
And we work below no more,  
Then we'll all be joined together,  
In that bright for-ever-more.

And in that home so bright and fair  
We'll find no sorrow or trouble there,  
In that happy home on high  
Where peace and love shall never die.

There is a rest for each poor soul  
Who will upon the Saviour call.  
Who will his blessed promise obey,  
And walk in faith from day to day.

There is a home for every one,  
A home of pure delight,  
A home where sorrow can never come,  
Where all that is, is love and light.

Oh, sinner, will you his call now heed?  
He is willing to save you, willing indeed,  
Oh, will you now choose him as your friend  
Just open your heart, let the Saviour's love in.

The Saviour is calling, Oh, sinner,  
Come home,  
Will you now heed his calling and  
cease to roam?  
He is waiting and calling from day  
to day,  
Saying, Sinner will you come and  
walk in this way?"

The Saviour is calling, how can you resist,  
He is willing and waiting your soul  
to bless  
He is able and willing by His power  
divine,  
Accept His blessings, here Lord I am  
thine  
Some day on bending knees you'll  
fall,  
And on the blessed Saviour call,  
And then you'll hear your awful fate,  
'Depart from me, it is too late.'

# NEGROES HATE "JIM CROW"

**AFRICANS GIVE MUCH TROUBLE ON STREET CARS—REFUSE TO STAY IN PLACE.**

## ANOTHER CO. POOR SHERIFF

**Sheriff Refuses to Allow His Deputies to Longer Guard the Cars.**

Muskogee, Okla., March 11.—Efforts to enforce the Jim Crow law on street cars has caused an acute situation here tonight. Following the placing of deputy sheriffs on all cars last night and the arrest of several negroes, and putting scores of them off cars for refusing to observe the law, a sullen resentment on the part of the negroes is growing.

Tonight the sheriff took all his deputies "off" and refused longer to permit them to ride the cars on the grounds that it might involve him in personal damage suits. The police, too, have refused further aid to the street car company. The superintendent tonight said he would enforce the Jim Crow law if he had to place a deputy on every car and pay them himself.

The negroes are causing trouble by refusing to take the Jim Crow section until the conductors stop the cars and start to eject them by force when they reluctantly obey. Some have even gone so far as to wait until the conductors leave the cars to call officers, and then comply with orders. Others demand their money back and leave the cars.

## POLICE PROTECTION IN CITIES.

Atlantic City, Washington, St. Louis and New York.

Washington, March 11.—Interesting facts concerning the police in the 15 largest cities in the United States each having a population of over 30,000 in 1907, are comprehensively assembled in the United States census bureau's special annual report on the statistics of American cities for that year which is now in press.

The police protection afforded the inhabitants of different cities is indicated by showing the number of police per 10,000 inhabitants, per 1,000 acres of land area and per 100 miles of improved streets.

It is stated that the number of police to each unit increases with the size of the city. In cities of over 300,000 population, the number of police per 10,000 inhabitants was 19.4 as compared with only 10.5 in cities of from 30,000 to 50,000 population. The cities with the greatest protection according to this unit of measure were Atlantic City, 25.1; Washington, 23.4; St. Louis, 23.2; New York, 21.5.

The compensation of patrolmen was much larger in the cities of over 300,000 population than in the smaller cities. # Bill Hendrix Taken to Town.

All last week rumors were rife around Roff that Bill Hendrix was going to pay the town a visit Sunday morning about 10 o'clock he came in. He sauntered up and down the streets passing pleasanties with old acquaintances and occasionally using his automatic jokers to determine whether any one was a walking arsenal. He met Bill Lucas, a well-driller and joked him into carrying his Winchester for him. After that Bill had Lucas examine the populace for concealed fire-crackers.

This continued until about 11:30 when Bill started north from Main street on the hunt of a place to telephone. He tried E. W. Turner's place, but was met at the door by Mr. Turner with a shotgun and told he could not come in there. He went from here to W. W. Cooper's, but they didn't have any phone and so he went across the street to A. M. Duran's, and here he found a phone and telephoned to his sister.

As Bill was leaving the Duran house, "Hooker" Miller and the other members of the posse who had been out in the sticks all night on the hunt of Bill opened the ball by a few pleasanties in the way of steel bullets. Bill returned the fire, shooting twice. One of the spent balls fired by the posse grazed the cheek of Olgar Duran, a boy about 6 years old and another assassinated a bedstead. One bullet cut a hole in the blouse Hendrix was wearing. One of the posse shot a hole through a telephone pole. The posse was as follows: Walter Goynes, Tommy Adair, George Culver, George Miller and Jim McCarthy. Ed Russell, Pate Beauchamp, Will Allen and several others had been with the posse all night on the sand other occasions but arrived in town too late to take part in the round up. Hendrix retreated into the house after this exchange of pleasanties, to re-appear a moment later and surrender.

The credit of Hendrix's capture is due probably to George Miller, who had been on the case some time. Hendrix was under the influence of liquor at the time he was captured. Hendrix was taken to the Ada jail Sunday evening.

It is fortunate that no one was seriously hurt during the melee. Postscript—Bob Wimbush appeared on the scene and informed the Roff people of many things, and held a post mortem examination on the Roff conscience—Roff Eagle.
